

Canon Biodiversity Policy

Basic Policy

Canon fully recognizes biodiversity as an important basis for a sustainable society, and promotes activities that contribute to biodiversity conservation.

Action Guidelines

- Canon strives to conserve biodiversity with consideration for various regional characteristics from a global perspective.
- Canon actively works to reduce the impact on biodiversity associated with various business activities, and to conduct social-contribution activities that lead to biodiversity conservation.

Specific actions

“Utilization of Canon technologies and products for biodiversity conservation”

Support for biodiversity conservation activities and projects

“Consideration for biodiversity centered on operational sites”

Grasping of the impact of our business activities on biodiversity and conservation of animal and plant habitats around operational sites

“Contribution to the realization of a community rich in biodiversity”

Promotion of biodiversity conservation activities and educational activities in collaboration with local communities
