Specifications are subject to change without notice.

¹ Ink droplets can be placed with a pitch of 1/4800 inch or 1/9600 inch at minimum.

² Document print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO / IEC 24734. Photo print speed is based on the default setting using ISO / JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer.

Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used, etc.

³ Paper types NOT supported for borderless printing are as follows: Envelope, High Resolution Paper, T-Shirt Transfer, Photo Stickers.

⁴ Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.

⁵ Color document scan speed is measured with ISO / IEC 29183 Target A. Scan speed indicates the time measured between pressing the scan button of the scanner driver and the on-screen status display turning off. Scan speed may vary depending on system configuration, interface, software, scan mode settings, document size, etc.

⁶ Copy speeds are the average of sFCOT and sESAT, ISO / IEC 29183. copy speed may vary depending on document complexity, copy mode, page coverage, type of paper used, etc., and does not take into account warm-up time.

⁷ Declared yield value in accordance with ISO / IEC 24711 (for A4 size) using ISO/IEC 24712 test file; and ISO / IEC 29102 (for 4x6" size) using ISO / IEC 29103 test file. Values obtained by continuous printing.

⁸ Estimated Supplemental Yield.

Note: All printers work in Operating Environment of Temperature: 5 ~ 35°C; Humidity: 10 ~ 90% RH (no dew condensation). All printers work in Storage Environment of Temperature: 0 ~ 40°C; Humidity: 5 ~ 95% RH (no dew condensation).

Quality. Promised.

THE INVISIBLE CONNECTIONS

There are multiple ways to connect with PIXMA printers. Forget the wires, because everything now is in the air.

PIXMA PRINTING SOLUTIONS APP

Download this app from Google Play or the Apple App Store and start printing photos or documents wirelessly from your device, or cloud services such as Facebook, Dropbox and Evernote. Scanned images and documents can also be sent from printer directly to your smart device.

PIXMA CLOUD LINK

Using the PIXMA Printing Solutions App, browse and print photos from social networking sites such as Facebook and photo sharing sites like Photobucket. Print your documents conveniently from storage sites such as Dropbox.

ACCESS POINT MODE

Access Point Mode allows your smart devices to connect directly to the printer for printing and scanning without the need for a wireless router.

WIRELESS PICTBRIDGE

With Wireless PictBridge, you can now send your photos directly from your Wi-Fi enabled camera to the printer!

PRINT FROM EMAIL

The 'Print From Email' function gives you the convenience of printing JPEG and PDF files by sending them to the printer's email address.

AIRPRINT

AirPrint allows users to wirelessly print photos, emails, web pages, and other documents without the need to install device drivers.*

*Available for iOS devices only.
