Specifications are subject to change without notice.

*1 Ink droplets can be placed with a pitch of 1/4800 inch or 1/9600 inch at minimum.

*2 Document print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO / IEC 24734. Photo print speed is based on the default setting using ISO / JIS-SC18 N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

*3 Paper types NOT supported for borderless printing are as follows: Envelope, High Resolution Paper, T-Shirt Transfer, Photo Stickers.

*4 Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard. Increasing the scanning resolution will limit the maximum possible scanning area.

*5 Color document scan speed is measured with ISO / IEC 29183 Target A. Scan speed indicates the time measured between pressing the scan button of the scanner driver and the on-screen status display turns off. Scan speed may vary depending on system configuration, interface, software, scan mode settings and document size etc.

*6 Copy speeds are the average of sFCOT and sESAT. ISO / IEC 29183. Copy speed may vary depending on document complexity, copy mode, page coverage, type of paper used etc. and does not take into account warm-up time.

*7 Declared yield value in accordance with ISO / IEC 24711 (for A4 size) using ISO / IEC 24712 test file; and ISO / IEC 29102 (for 4x6" size) using ISO / IEC 29103 test file. Values obtained by continuous printing.

*8 Estimated Supplemental Yield.

Note: All printers work in Operating Environment of Temperature: 15 - 30°C; Humidity: 10 - 80 % RH (no dew condensation)

Except MG7570, MG6670 and MG5670 printers work in Operating Environment of Temperature: 15 - 30°C; Humidity: 10 - 80 % RH (no dew condensation)

All printers work in Storage Environment of Temperature: 0 - 40°C; Humidity: 5 - 95 % RH (no dew condensation)

Quality. Promised.

Enjoy Convenient Connectivity
with Smart Devices

PIXMA MG6670

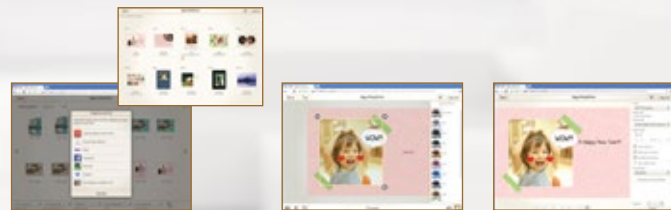

PIXMA MG5670

With more ways to connect, PIXMA Photo All-In-One printers make printing and scanning easier than ever.

Use this web application to edit pictures and create ID photos, calendars, collages, stickers and cards using templates. Works with images on cloud services like Facebook and Dropbox.

1. Select an image stored on mobile device or from online site, then drag and drop it into one of dozens of templates.
2. Select photo filters.
3. Decorate with stamps and customized texts.

PIXMA Printing Solutions

This smart app lets you print photos and documents stored on your device or the cloud (Facebook, Evernote also Dropbox, etc.) – anytime and anywhere! It now supports NFC.

Print from and scan to your NFC-enabled smartphone simply by tapping your device on your PIXMA.

Wi-Fi Connectivity

PIXMA Cloud Link – Print directly from cloud services like Dropbox and Facebook, scan to cloud storage sites like Google Drive, or send scans to email or webmail drafts without the need for a host PC.

Google Cloud Print – Print from Gmail™ and Google Drive on a smart device or from Google Chrome.

Print from Email – Email JPEG and PDF files straight to your PIXMA for printing.

Mopria Certified*² – Print directly from Android devices without downloading vendor-dependent applications.

AirPrint – Print from Apple iOS smart devices without installing drivers.

* Requires an internet connection. Works edited using this application cannot be displayed, edited, or printed without this application.

*¹ Available in PIXMA MG7570 and MG6670 only. Currently supported by Android OS 4.0 and above.

*² Available on Android OS 4.4 and above.
