

## Sharing made effortless

Can't wait to share your moments? Just use the camera's NFC function and the CameraWindow app will launch on your mobile device, letting you transfer photos and videos as well as control your camera remotely. You can also use Wi-Fi connectivity to directly upload images and videos to your social media feeds and effortlessly sync images with your PC.

This feature is only available for the PowerShot SX60 HS.

## Treasure every moment

Hybrid Auto

Relive the day's adventures with the Hybrid Auto function. Whenever you take a photo, your camera will also record 4 seconds of video prior to capturing the image. These clips are then compiled into a single video, giving you a convenient summary of the day's events.

This feature is only available for the PowerShot SX60 HS and PowerShot SX520 HS.

# PowerShot SX

Moments are meant to be treasured, and you won't miss out on another one with the new SX series from Canon. With 65x, 42x and 30x optical zooms plus a host of innovative features, you can capture the action from virtually anywhere.

## Capture the action from anywhere

65x 42x 30x  
OPTICAL ZOOM OPTICAL ZOOM OPTICAL ZOOM

Along with the world's leading 65x optical zoom camera, the 42x and 30x cameras in the SX range boast Canon's superior lens quality and optics technology. The ZoomPlus feature on all SX cameras ensures uncompromised image quality even at maximum zoom, letting you capture vivid pictures with natural colour.

## Zoom without compromise

Zoom Framing Assist

Compose pictures with absolute confidence. Advanced Zoom Framing Assist now features Auto Zoom, which automatically adjusts zoom to adapt to changes in subject size for moving and distant subjects. The subject size can be selected from face, upper body and whole body, manual or off.

This feature is only available for the PowerShot SX60 HS and PowerShot SX520 HS.

With the Auto Zoom function, the face is selected by default.

## Get the whole picture

21mm  
WIDE

Don't miss out on a single detail with the 21mm ultra wide angle lens. Easily capture large group shots and expansive landscapes when you travel.

This feature is only available for the PowerShot SX60 HS.

## Go in closer

0cm  
0in.  
macro

Get stunning details in your closeup shots with the Macro function. It lets you get in close – right up to 0cm – so you can capture every intricate detail.

## Unleash your creativity

Creative Shot

Give your pictures an artistic edge with Creative Shot. Choose between Retro, Monochrome, Special or Natural pre-sets. It will automatically apply any of up to 46 filter options, creating 5 unique image variations along with the original image. Artistic photography is now simple and fun.

This feature is only available for the PowerShot SX60 HS and PowerShot SX520 HS.
