Optical Zoom Technology

65x, 50x, 30x and 18x – so you can choose the best high-zoom compact from the PowerShot SX series to suit your shooting needs. Each SX high-zoom compact camera also features ZoomPlus that extends the zoom ratio by 2x with minimal loss in image quality even at maximum zoom.

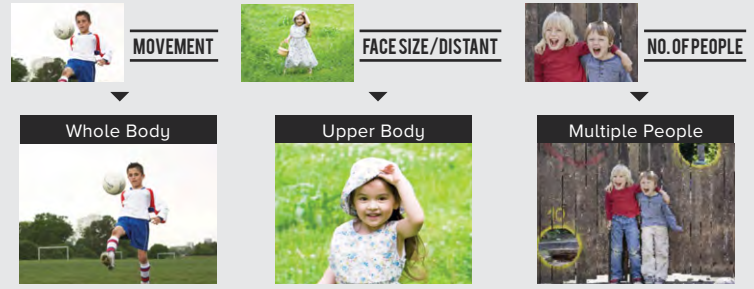

Wi-Fi & NFC Function

Keep friends and family updated with your adventures by using the camera's NFC function to launch the Camera Connect app on your mobile device and transfer photos and videos over a Wi-Fi connection. You can also upload photos and videos to social networking sites directly from your camera using its Wi-Fi function via Canon iMAGE GATEWAY.

Advanced Zoom Framing Assist

When shooting moving or distant subjects, Zoom Framing Assist Auto Zoom will automatically adjust zoom to frame your subject in appropriate size – upper body, whole body, group – based on camera movement, subject size and distance, and number of people.

*This feature is only available for the PowerShot SX710 HS

Creative Shot

The intelligent Creative Shot mode produces 5 unique image variations plus the original image, and with up to 46 filter options under the Retro, Monochrome, Special and Natural presets, it's easy to add your personal creative flair to your images.
