the COMPACT device that is built for PRODUCTIVITY
Canon’s new imageRUNNER 2500 series has incorporated standard features designed to keep your office more productive. From standard network print capability to in-built duplex functionality, this multifunctional device is perfect for any office setting.

Other key features include a USB port, allowing you to print with, and the option to scan to your thumbdrive directly, as well as long-life components such as E-drum to reduce maintenance and maintain uptime.

The imageRUNNER 2500 series. It’s your choice for greater productivity.
MULTIFUNCTION PERFORMANCE meets outstanding productivity

---

**Printing**
The easy-to-use imageRUNNER 2500 series produces unrivaled image and text quality at speeds of 20 to 45-pages-per-minute.

**Copying**
Canon’s cutting edge image processing technology offers impressive copy features for greater productivity and presentation results. You can also add finishing options for more professional looking documents.

**Color Send**
Scan paper documents and send them to one or more recipients directly from the imageRUNNER, making document distribution easy and efficient.

**Faxing**
Send and receive fax messages with the optional Super G3 Fax technology. This technology enables high-speed fax transmission and reduces waiting time.

---

**Network Scanning**
The imageRUNNER 2500 series is both a black-and-white printer and a color scanner, enabling you to scan documents in both black-and-white and full color.

**Network**
Functions such as machine status check, job operations and print instructions can all be monitored and controlled remotely through the network directly from your desktop.

With an in-built auto paper sensor, the imageRUNNER 2500 series is intelligent enough to detect paper sizes accurately. This reduces paper jams and misfeeds, translating to higher productivity.

Uninterrupted Paper Flow and Hassle-free Paper Loading

The imageRUNNER 2500 series comes with several standard configurations for paper capacity, so you can be sure there is one for your needs. Additional cassettes may be added to boost total paper reserves to 2,300 sheets, ensuring maximum output efficiency.

Uninterrupted Paper Flow and Hassle-free Paper Loading

The imageRUNNER 2500 series comes with several standard configurations for paper capacity, so you can be sure there is one for your needs. Additional cassettes may be added to boost total paper reserves to 2,300 sheets, ensuring maximum output efficiency.

Simple-to-use control panel

The new and intuitive 5.7” QVGA touch screen lets you perform your daily operations such as Copy, Fax* and Scan jobs. Languages including Thai and Vietnamese are supported to help easy assimilation for all users.

* Installation of an optional Fax Board is required.

Easy maintenance and affordable with low running cost

Utilizing a separate toner and drum design, each component can be replaced individually, reducing your running costs of maintenance. Furthermore, the new E-drum and toner feature longer durability for higher device uptime.

High speed scanning for digitization of paper

Standard scanning function allows both sides of the hardcopy to be faithfully converted into electronic formats in full color. Together with the fast scanning speeds, you no longer need to spend as much time waiting at the device.
Standard Printing Capability

The new imageRUNNER 2500 series features a standard print capability of 1200 x 1200 dpi with Canon’s innovative Ultra Fast Rendering II LT (UFR II LT) printing technology. It is an ideal blend of speed and simplicity for professional looking documents.

This unique printing solution collaborates with the processing power of the sending computer to balance the data load, and augments its own capabilities to facilitate high speed printing. Optional support for PCL5e/6 and PostScript are also available.

Secure Print

The imageRUNNER 2500 series supports driver-based Secure Printing. Secure Printing allows you to hold your print jobs until the appropriate password is entered at the machine. This way, confidential documents are not left lying on the machine’s output tray.

Halve your paper consumption with duplex outputs

With standard duplex printing mode, you can reduce paper usage by up to 50%. This capability to print on both sides of the paper helps save resources and the environment, making it an essential feature in the office.

Customizable Print Layout for greater efficiency

You can condense multiple originals onto a single copy with this page layout feature. This lets you print from 2 to 16 pages onto a single sheet to dramatically reduce the amount of paper used.

Seamless Network Printing

The new imageRUNNER 2500 series can be seamlessly connected to your office network as a shared system. You and your colleagues can now benefit from network printing right out of the box. This not only saves office resources but also simplifies the ease of management.

With support for IPv6, these devices are also ready to meet your future network infrastructure requirements.
impressive COPY capabilities
multiply your productivity with imageRUNNER technology

- **Rotation and Collation of Paper output**
  The new imageRUNNER 2500 series allows for rotation and collation of paper output, without the need for additional finishing options. This convenient feature eliminates the time consuming, tedious and manual sorting of paper documents, saving you both time and effort for the large volume of documents.

- **ID Card Copying**
  With the ID Card Copying function, both sides of the card can be copied on a single side of the paper in its actual size with just a few clicks.

  1. Scan front of card
  2. Scan back of card
  3. Print in Portrait or Landscape Orientation

- **Save paper and filing space**
  This feature allows you to automatically reduce and repaginate multiple-page originals and bound originals to fit on a sheet of paper. It significantly reduces the number of pages used and filing space, delivering cost efficiency and is especially convenient for hand-carry of large-volume documents or materials.

- **Create booklet copies for easier reading**
  You can create booklet copies from 1-sided or 2-sided originals, making it easier to read and carry around with convenience.

  ![Create booklet copies for easier reading](image)

- **Scan-Once-Print-Many**
  Canon’s Scan-Once-Print-Many technology allows you to scan the originals once and print many copies easily by using the images stored in memory, resulting in reduced scanner wear.

  You do not need to wait for the current job to be completed before scanning other documents. The device is able to start scanning for a new job even when its print function is busy.

- **Paper Size Auto Magnification**
  Enlarge or reduce contents easily to fit paper sizes with only a few clicks. This reduces guesswork automatically, and offers you the ability to select copy magnification from 25% to 400%.

- **Other useful features**
  - Erasing Shadows/Book Frame Erase
  - 2-Page Separation
  - Copying Different Size Originals Together
**SCAN and SEND in full clarity**

**STANDARD**

- **Add color to your scans with Color Network ScanGear**
  
  Using the Color Network ScanGear, you can easily edit or modify scanned images at your own workstation and create crisp, clear, and detailed colored images by utilizing the network in your office. There is no need for standalone scanners or dedicate a PC to a scanner, saving precious time and resources.

- **Create Searchable PDF automatically**
  
  By converting scanned images into text automatically, you can create a Searchable PDF. This reduces the time taken to search for keywords, especially within lengthy documents.

- **Scan and store directly to your USB thumbdrive**
  
  The new imageRUNNER 2500 series offers a new level of convenience with optional direct scan to USB memory - an indispensable function for users who are in a hurry or want quick paper conversion to electronic files without the use of a PC. You can convert paper documents to PDF, JPEG or TIFF formats and save them directly into a USB memory media.

**OPTIONAL**

- **Reduce file size to save disk space and bandwidth**
  
  Canon’s innovative PDF High Compression Mode enables you to compress the file size of color images to approximately 1/10th the size of the original size while maintaining image quality. This allows for meaningful electronic archival of documents at the optimal balance of quality and file size.

  **Color Send with High-Compression Mode “PDF (Compact)”**

  Original: 11” x 17” Hard-copy, Color Graphic with Text

  - PDF FILE FORMAT
  - 300 dpi Color Scan File Size: 7,561 KB
  - CANON’S PDF (COMPACT)
  - 300 dpi Color Scan File Size: 353 KB
  - PDF FILE FORMAT
  - 300 dpi B/W Scan File Size: 768 KB

  **High-quality Image Output - Minimal File Size**

- **Distribute to anywhere with Color Send**
  
  Simply scan hardcopy originals and transmit them in PDF, JPEG or TIFF format to email addresses, shared holders, desktop PCs or faxes* in a single operation. This reduces the cost of hardcopy distribution, saving time, money, and filing space.

  * Installation of optional fax board is required.

- **auSend for better security**
  
  Where added security is required, you can activate the auSend feature before using the Color Send feature. Upon user authentication, destination and job settings can be specified. This helps protect confidential documents from unauthorized transmission without locking down the print and copy features of the device. You can even set address restriction that allows sending only to authorized users.

The imageRUNNER 2500 series works as a central device for your document transmission needs.
Energy Conservation
With Canon’s RAPID Fusing System™, imageRUNNERs are ready to print instantly, reduce high energy consumption and keep costs at a minimum. imageRUNNERs are certified as international ENERGY STAR® compliant.

Eco-friendly with Green Technology
Other than saving energy, Canon has also successfully developed a unique roller-charging system, which effectively absorbs and disperses the ozone through a filter, making it an ozone-free operation.

Compliance with EU directive on RoHS (Restriction on Hazardous Substance)
At Canon, non-hazardous materials and green technology are used. As such, you can be assured that with Canon products, your business and well-being are taken care of.
Remote User Interface and e-Maintenance

The inbuilt Remote UI (Remote User Interface) enables administrators to access machine functions and settings from a web browser on a computer. And with e-Maintenance, administrators can keep track of consumables, device usage and reduce tedious administrative work such as manual meter reading and billing verifications automatically. All these translate to lower downtime and higher productivity.

* e-Maintenance works with most Canon copiers, printers and multifunction devices. For more information on supported models, please contact Canon.

Device Authentication, usage accountability and secure printing solutions

Paired with uniFLOW solution, you can have greater control and management of the imageRUNNER 2500 series.

Print Management
Track print activities on the device, and generate reports for easy viewing and analysis.

Card Authentication
You can control access and prevent unauthorized users from using the device. Only users with a valid ID can access the device.

Cost Accounting
In addition to charging the cost of printing to individuals you can assign the costs to respective departments, eliminating manual accounting procedures.

Secure Print and My-Print-Anywhere
This unique feature requires users to be physically present at the device to collect their output from any uniFLOW enabled device in the organization, for security and user convenience.

Manage access with Department ID

By activating the Department ID mode, usage of imageRUNNER 2500 series can be restricted to only users with valid ID & password. You can create up to 1,000 accounts, with restrictions set on copy, print and scan for each individual user. This promotes greater cost awareness among staff and gives you total cost control.

* Usage of control cards require additional hardware installation.

* For more information on the above features, kindly contact Canon.

User sends print job

Job is held in server until release

User authenticates themselves at the machine

Maximum Power
Power Source
Weight: imageRUNNER 2520: Approx. 50.5 kg
Dimensions: (W x D x H) 565 mm x 680 mm x 97 mm
Paper Cassette: (80gsm) A4, A3: 100 sheets Stack Bypass
Maximum: 2 x 550 sheets paper capacity
Acceptable Paper Weights: 64 to 90gsm
Acceptable Originals: A4, A3R, A3, A5, A5R, B4, B5, B5R
Stacking Method: Face Down
Power Source: From Main Unit
DADF-AB1: Approx. 7.0kg
DADF-AB1: Max. A3: 1 x 150 sheets
Weight: Approx. 6.0kg
Cassette Module-W1 (Only for iR2520)
Paper Capacity (80gsm): 550 sheets
Power Source: From Main Unit
Power Consumption: Approx. 17 W Max
Dimensions (W x D x H): 565mm x 660mm x 297mm
Weight: Approx. 12 lbs
Note: Installation of Cassette Module-A1 is required
Cassette Feeding Unit-A1 (for all models)
Paper Capacity (80gsm): 2 x 550 Sheets
Power Source: 2 x Power Supply Unit-U1, 2 x 550 Sheets Power Supply Unit-U1
Power Consumption: Approx. 17 W Max
Dimensions (W x D x H): 565mm x 660mm x 248mm
Weight: Approx. 24kg
Note: Institutional of Cassette Feeding Unit-A1 is required
Super G3 Fax Board-A1G (for all models)
Applicable Line: Public Switched Telephone Network (PSTN), 1 line
Transmission Method: ECM-MMR: Approx. 3.2 seconds
G3MH method: Approx. 13 seconds
G3MR method: Approx. 13 seconds
Transmission Type: Super G3, G3
Sending Original Sizes: A3, A4, A4R, B4, B5, B5R, A5, A5R
*1 - Sent as A4
*2 - Sent as B4
Receiving Paper Sizes: A3, A4, A4R, B5, B5R, A5, A5R
Sending Original Sizes: A3, A4, A4R, B5, B5R, A5, A5R
Auto Dial Function: Address Book: 300 destinations; one-touch buttons: 200 destinations
Image Memory: Approx. 1,000 pages
Color Send Kit-Y1 (for all models)
Sending Method: Email, FAX, Hit-Server (FTP, SMTP)
File Format: (Compact) PDF (OCR), (Compact + OCR) (Color)
OCR functions require installation of Color Send Searchable PDF Kit-C1
Color Mode: Color, Black
Note: Installation of Color Send Kit-C1 is required
