Enhanced Printing For Smart Businesses

MULTI-FUNCTION MONOCHROME LASER PRINTER

PRINT.COPY.SCAN.FAX.SEND

Integrating seamlessly into your work environment, the new imageCLASS MF6180dw delivers key capabilities for businesses looking for greater efficiency and increased productivity. Working towards an eco-friendly office, the automatic duplex printing feature saves both time and money, as well as shrinking your carbon footprint.

The One-Touch Solution Keys simplify frequently performed tasks, while mobile printing capabilities allow printing to be done conveniently. With the Secure print function, users can be assured of the confidentiality of their documents, making it the ideal device for today's businesses.

HIGH SPEED PRINTING & COPYING

33
Black
ppm

Increase your office's efficiency with print and copy speeds of 33ppm (A4) and have your first print ready to go in 6 seconds or less.

HIGH VOLUME PAPER HANDLING

The imageCLASS MF6180dw is equipped with a standard 250-sheet cassette and 50-sheet multi-purpose tray to handle the high print volume of the modern office. For extended print capacity, an optional 500-sheet paper feeder increases the maximum input capacity to a massive 800 sheets.

Business *Can* be simple

ONE-TOUCH SOLUTION KEYS

Printer operation becomes incredibly simple with four task-dedicated Solution Keys on the imageCLASS MF6180dw. You can now perform common tasks without the hassle of too many key presses.

SCAN TO PC1 & PC2

Two buttons that can be programmed for preferred scan settings when scanning to a computer using a USB connection.

SECURE PRINT

Confidential documents sent to the printer can now be saved in memory until the user arrives to input the right password and execute the print job.

PAPER SAVE COPY

Reduces wastage of resources by making paper-saving copies, such as 2-on-1 or 4-on-1 copies on both sides.

DESIGNED FOR EASE OF USE

Enjoy intuitive menu navigation with the 5-line animated LCD display panel.

NETWORK CONNECTIONS – BUILT IN WI-FI & ETHERNET

Connect the printer to a wireless LAN or a wired Ethernet network for optimal resource sharing efficiency. You can also make a direct connection to any PC via the USB2.0 High Speed port.

DUPLEX VERSATILITY

Fitted with a 50-sheet Duplex Auto Document Feeder (ADF), the MF6180dw is able to perform automated scanning and copying of double-sided documents. Especially useful in large-volume tasks, the Duplex ADF is a great saver of precious time and resources in your business.

EXCELLENT PRINT QUALITY

The imageCLASS MF6180dw is capable of printing at resolutions up to 1200 (equivalent) x 600dpi for sharp text and crisp graphics. PostScript 3 print language support makes it the ideal printer for highly accurate business graphics and CAD printing.

MINIMAL MAINTENANCE

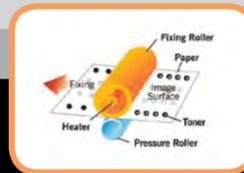

Combining the photosensitive drum, toner reservoir and waste toner box into a compact and precisely-engineered unit, the Canon All-In-One toner cartridge 319 requires minimal upkeep. There is also the option of the high-yield replacement toner cartridge 319 II to help lower operating costs and frequency of toner replacement.

SECURITY FEATURES

With the Secure Print function, users can apply password to print highly confidential documents, effectively keeping sensitive information from unintended recipients. In addition, the Department ID Management allows the control and monitoring of device usage.

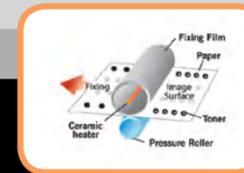

QUICK WARM-UP TIME

Canon's proprietary On-Demand Fixing Technology transfers heat directly to the heating element, reducing warm-up time to the bare minimum.

TRADITIONAL ROLLER FIXING

Heating entire roller surface results in longer warm-up time and higher power consumption

ON-DEMAND FIXING

Heat transferred directly to fixing film reduces warm-up time and saves energy

MOBILE PRINTING

The network-ready MF6180dw offers the convenience of wireless capabilities, integrating seamlessly into your business operations. With Canon's free Mobile Printing App, you can print a variety of file types wirelessly to the printer from both iOS or Android devices.

Built-in Apple® AirPrint™ automatically connects the printers and users' iPhone® or iPad® within the network via router, allowing direct printing of documents without the hassle of installing any printer driver. Being Google Cloud Print™ compatible gives you the opportunity to print from virtually anywhere.

The latest drivers for Linux can be downloaded from the www.canon-asia.com website when available *5. "Inaudible" means each Sound pressure level at bystander's position is less than the absolute criterion value about background noise of ISO 7779 *6. Toner cartridge yield is in accordance with ISO/IEC 19752 *7. Monthly Duty Cycle value provides a means of comparison for product robustness in relation to other Canon multi-function laser devices, and does not refer to actual maximum image output per month
